

5 members of the Guelph-Wellington Volunteer Centre responded to the following questions:
What is Civil Society?

From your organizational/association perspective, please identify what you think are the 3 most important broad trends that are currently affecting society...

From your organizational/association perspective, please identify up to 3 critical events that you think might happen in the next 5-10 years that will impact these trends...

20 years from now, as you sit back and reflect...what will the School for Civil Society need to have accomplished in order to have been successful (from your organizational/association perspective)...

A word cloud of organizational goals and outcomes. The most prominent phrase is "increasing awareness of issues". Other visible terms include "engagement", "developing leaders", "sense of community", "education", "promotion of non-profit sector", "community well-being", and "research on benefits of working together".

education
engagement
developing leaders
sense of community
promotion of non-profit sector
increasing awareness of issues
community well-being research on benefits of working together
